- (vi) In continuation of this Ministry's **General Circular No. 20/2020**, dated 05th May, 2020 and after due examination and subsequent amendments, it has been decided to allow companies whose AGMs were due to be held in the year 2024, to conduct their AGMs on or before 30.09.2024 in accordance with the requirements provided in paragraphs 3 and 4 of the General Circular No. 20/2020 as per MCA circular no. 02/2021 dated January 13, 2021, General Circular No. 09/2023 dated September 25, 2023 and subsequent amendments, if any.

b) Instructions for Remote E-Voting:

VOTING THROUGH ELECTRONIC MEANS

Pursuant to the provisions of section 108 of the Companies Act, 2013, Rule 20 and Rule 21 of Companies (Management and Administration) Rules, 2014, the Company is pleased to provide shareholders facility to exercise their right to vote by electronic means and the business may be transacted through e-voting services provided by Central Depository Services Limited (CDSL).

Voting Rights are reckoned on the basis of the shares registered in the names of the shareholders/beneficial owners as on the record date fixed for this purpose i.e. 23/09/2025.

It is hereby clarified that it is not mandatory for a shareholder to vote using the e-voting facility, and a shareholder may avail of the facility at his/her/it discretion, subject to compliance with the instructions prescribed below:

THE INTRUCTIONS FOR SHAREHOLDRES FOR REMOTE E-VOTING ARE AS UNDER:

- (i) The voting period begins on September 27, 2025 at 9 A.M. and ends on September 29, 2025 at 5 P.M. During this period shareholders' of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date (record date) of September 23, 2025 may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.
- (ii) Shareholders who have already voted prior to the meeting date would be entitled to attend the meeting.
- (iii) Pursuant to SEBI Circular No. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level. Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants.

Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

- (iv) In terms of SEBI circular no. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020 on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. MANAGEMENT DISCUSSION AND ANALYSIS (MD &A)

Industry Structure and developments:

Capital markets are central to India's growth story, catalysing capital formation for the real economy, enhancing the financialisation of domestic savings, and enabling wealth creation. As of December 2024, the Indian stock market has achieved new highs, with intermittent corrections, in the midst of geopolitical uncertainties, currency depreciation and domestic market volatility challenges. Investor participation has been a contributor, with number of investors growing. This growth, combined with active listing activity and recent measures by the regulator, viz. Securities and Exchange Board of India (SEBI), to temper excesses, is expected to foster sustainable market expansion.

Opportunities & Threats

The positive performance of the Indian stock was driven by strong profitability growth, rapid traction of digital financial infrastructure, expanding investor base and substantial reforms in products and processes. The period since the pandemic has seen a surge in individual and household participation as capital market investors through direct (trading in markets through their accounts) and indirect (through mutual funds) channels. Healthy corporate earnings, stable macro fundamentals, efficient and robust technology architecture facilitating efficient trading, clearing, and depository systems, and trust garnered by mutual fund ecosystem and online digital investment platforms have encouraged greater participation in capital markets

The recessionary trends visible in some parts of the globe cannot be isolated. The market participants will have to build resilience to withstand the onslaught of spillover risks and set appropriate risk appetite and risk governance systems to withstand in a highly uncertain business world.

Segment- wise product performance

The Company's business activities are all related to capital market segment and can be considered as single segment company

Concerns, Risk and outlook

India's key challenges are selling from FIIs, a high-interest rate, elevated inflation, and slowing earnings growth and most of the issues are getting factored into the prices. If the cautiousness continues in the short-term, it can be presumed that the worst is over, limiting further price corrections though valuation moderate

Elevated valuations and optimistic market sentiments in the US raise the likelihood of a meaningful market correction in 2025. Should such a correction occur, it could have a cascading effect on India, especially given the increased participation of young, relatively new retail investors. Many of these investors that have entered the market post-pandemic have never witnessed a significant and prolonged market correction. Hence, if one were to occur, its impact on sentiment and spending may be non-trivial.

Capital markets significantly contribute to capital formation, the financialisation of domestic savings, and wealth creation. Strong macroeconomic fundamentals, healthy corporate earnings, supportive

MUNOTH FINANCIAL SERVICES LIMITED

institutional investment, robust inflows from SIPs, and increased formalisation, digitisation, and accessibility have all fuelled the market's continued growth.

Adequacy of Internal Controls:

The Company follows an extensive internal control system to ensure that prudential business policies are followed regularly in managing existing clientele and developing new business contacts. The Company ensures adherence to all internal control policies and procedures as well as compliance with all regulatory guidelines. The Audit committee reviews the adequacy of internal control system on regular basis

Financial Performance:

The Company has made a loss of INR 36.03 Lakhs in the current financial year as against a profit of INR 18.90 Lakhs in the last financial year.

Stock Broking:

Income from stock broking operations has increased to INR 47.54 Lakhs from INR 37.79 Lakhs in the previous financial year.

The Company provides institutional broking business and is empanelled with public sector banks and insurance companies.

Depository participant:

As a Depository Participant the company offers facilities to both institutional and retail investors to maintain their investments in securities in electronic form. Income from Depository operations has decreased to INR 5.58 Lakhs from INR 5.59 Lakhs in the previous financial year.

Merchant Banking & Portfolio Management Services:

The company has made application to SEBI for surrender of PMS registration.

The Company's MBD division is providing valuation services in accordance with the requirement of the various acts/statutory requirements.

Income from Merchant Banking & Portfolio advisory services has decreased to INR 4 Lakhs as against INR 5.88 Lakhs in the previous year.

FUTURE PROSPECTS

The company will continue to focus on Investment Banking and Institutional Broking business.

Human Resource Development:

The Company has a team of able and experienced professionals and the Company considers that the main strength is its human resources, who create a climate to suit its growth and excellence.

INDEPENDENT AUDITOR'S REPORT

To the Members of Munoth Financial Services Limited

Report on the audit of the Standalone Financial Statements

Opinion

We have audited the Standalone financial statements of **Munoth Financial Services Limited** ("the Company"), which comprise the Stand alone Balance sheet as at 31st March 2025, the Standalone Statement of Profit and Loss (including other comprehensive income), Standalone Statement of changes in equity and Standalone Statement of cash flows for the year then ended, and notes to the financial statements, including a summary of material accounting policies and other explanatory information (hereinafter referred to as the "Standalone Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025 and its **Loss**, including other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the standalone financial statements.

Key Audit Matter(s)

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Standalone financial statements of the current period. These matters were addressed in the context of our audit of the Standalone Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined that there are no key audit matters to communicate in our report.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Management and Board of Directors are responsible for the other information. The other information comprises the information included in Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility and sustainability report, Corporate Governance and Shareholder's Information, but does not include the financial statements and our auditor's report(s) thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

When we read the other information, based on the work we have performed, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and take appropriate actions

MUNOTH FINANCIAL SERVICES LIMITED

Responsibilities of Management and those charged with governance for the Standalone Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act, with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the Standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to Standalone Financial Statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management and Board of Directors
- Conclude on the appropriateness of the Management and Board of Director's use of the going concern basis of accounting in preparation of Standalone Financial Statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

MUNOTH FINANCIAL SERVICES LIMITED

- Evaluate the overall presentation, structure and content of the Standalone financial statements, including the disclosures, and whether the Standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Standalone Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal financial control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter(s) or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, based on our audit we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books
 - c) The Balance Sheet, the Statement of Profit and Loss including other comprehensive Income, Statement of Equity and the Statement of Cash Flows dealt with by this Report are in agreement with the books of account.
 - d) In our opinion, the aforesaid Standalone Financial Statements comply with the Indian Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules,
 - e) On the basis of the written representations received from the Directors as on 31st March, 2025 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2025 from being appointed as a director in terms of Section 164 (2) of the Act.
 - f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B." Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to Standalone Financial Statements.
 - g) With respect to the matter to be included in the Auditor's Report under Section 197(16) of the Act, as amended, in our opinion and according to the information and explanations given to us, no remuneration is paid by the Company to its Directors during the year and hence the reporting of matters as required under Section 197(16) does not arise.

MUNOTH FINANCIAL SERVICES LIMITED

- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
1. The Company has no pending litigations which would have a material impact on its financial position.
 2. The Company has not entered into any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 3. There has not been an occasion in case of the Company during the year under report to transfer of any sums to the Investor Education and Protection Fund by the Company. The question of delay in transferring such sums does not arise.
 4.
 - i. The management has represented that, to the best of its knowledge and belief, other than as disclosed in the notes to the accounts, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and
 - ii. The management has represented that, to the best of its knowledge and belief, other than as disclosed in the notes to the accounts, no funds (which are material either individually or aggregate) have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - iii. Based on audit procedures carried out by us, that we have considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of the Rule 11 (e), as provided under (i) and (ii) above, contain any material misstatement.
 5. The Company has not declared or paid any dividends during the year and accordingly reporting on the compliance with section 123 of the Companies Act, 2013 is not applicable for the year under consideration.
 6. The reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 applicable from April 1, 2023. Based on our examination, which included test checks, the Company has used accounting software for maintaining its books of account for the financial year ended March 31, 2025 which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, for the periods where the audit trail (edit log) facility was enabled and operated throughout the year for the respective accounting software, and during the course of our audit, we did not come across any instance of the audit trail feature being tampered with.

There were no undisputed amounts payable in respect of goods and Services Tax, provident fund, employees' state insurance, income tax, sales-tax, service tax, duty of customs, duty of excise, Value Added Tax, Cess, and other material statutory dues in arrears as at March 31, 2025 for a period of more than six months from the date they become payable.
- (b) There are no statutory dues referred to in sub clause(a), which have not been deposited on account of dispute.
- (viii) In our opinion and according to the information and explanation given to us, there are no transactions not recorded in the books of account have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961. Hence reporting under the clause 3 (viii) is not applicable.
- (ix) (a) According to the information and explanations given to us and audit procedures performed by us, the Company has not defaulted in repayment of loans or other borrowings or in the payment of interest thereon to any lender.
- (b) According to the information and explanations given to us, the Company has not been declared a wilful defaulter by any bank or financial institution or other lender
- (c) According to the information and explanations given to us, the Company has not taken any term loans. Hence reporting under clause 3(ix)(c) of the Order is not applicable.
- (d) According to the information and explanations given to us and on an overall examination of the financial statements of the Company, funds raised on short-term basis have, prima facie, not been used during the year for long-term purposes by the Company
- (e) The Company has not taken any funds from any entity or person on account of or to meet the obligations of its associate. The Company does not have any subsidiary or joint venture. Hence reporting under the clause 3 (ix) (e) of the Order with regard to subsidiary or joint venture is not applicable.
- (f) The Company has not raised any loans during the year on the pledge of securities held in its associate. The Company does not have any subsidiary or joint venture. Hence reporting under the clause 3 (ix) (f) of the Order with regard to subsidiary or joint venture is not applicable.
- (x) (a) The Company has not raised any money by way of initial public offer or further public offer (including debt instruments) during the year. Hence reporting under the clause 3 (x) (a) of the Order is not applicable.
- (b) According to the information and explanations given to us, and on the basis of our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully, partially or optionally convertible) during the year. Hence reporting under the clause 3 (x) (b) of the Order is not applicable.
- (xi) (a) According to the information and explanations given to us, and on the basis of the audit procedure performed for the purpose of reporting the true and fair view of the Standalone Financial Statements, we report that no fraud by the Company or any fraud on the Company has been noticed or reported during the year. Hence, reporting under the clause 3 (xi) (a) of the Order is not applicable.

MUNOTH FINANCIAL SERVICES LIMITED

- (b) No report under sub-section (12) of section 143 of the companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year up to the date of this report.
- (c) According to the information and explanations given to us, no whistle-blower complaints have been received by the Company during the year. Hence, reporting under the clause 3 (xi) (c) of the Order is not applicable.
- (xii) According to the information and explanation given to us, The Company is not a Nidhi Company; hence reporting under paragraph 3(xii) of the Order is not applicable.
- (xiii) In our opinion and according to the information and explanations given to us, the transactions with the related parties are in compliance with the section 177 and 188 of the Act where applicable and the details of such transactions have been disclosed in the Standalone financial statements as required by the applicable accounting standards.
- (xiv) (a) According to the information and explanations given to us, and audit procedures performed by us, in our opinion the Company has an internal audit system, commensurate with the size and nature of its business.
(b) We have considered the internal audit reports for the year under audit, issued to the Company during the year and till date, in determining the nature, timing and extent of our audit procedures.
- (xv) In our opinion and according to the information and explanations given to us, the Company has not entered into any non-cash transactions with directors or persons connected with them. Hence reporting under clause 3 (xv) of the Order is not applicable.
- (xvi) (a) According to the information and explanations given to us, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934 (2 of 1934).
(b) According to the information and explanations given to us, and in our opinion, the Company has not conducted any Non-Banking Financial or Housing Finance activities.
(c) According to the information and explanations given to us, and in our opinion, the Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Hence reporting under clause 3 (xvi)(c) of the Order is not applicable.
(d) In our opinion and according to the information and explanations given to us, there is no CIC (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016) within the group. Hence, reporting under clause 3 (xvi) (d) of the Order is not applicable.
- (xvii) The Company has incurred cash losses of ₹ 2,447.88 ('000) during the financial year ended 31st March 2025 and has not incurred cash losses in the immediately preceding financial year.
- (xviii) There has been no resignation of statutory auditors in the Company during the year. Hence reporting under clause 3 (xviii) of the Order is not applicable.
- (xix) According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumption, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We however state that this is not an assurance as to the future viability of the Company.

MUNOTH FINANCIAL SERVICES LIMITED

We further state that our reporting is based on the facts up to the date of audit report and we neither give any guarantee nor any assurance that all liabilities falling due within the period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

- (xx) In our Opinion and according to the information and explanations given to us, the Company has no requirement to comply with the section 135 of the Act. Hence reporting under clause 3(xx) is not applicable.
- (xxi) Since this audit report is on the standalone financial statements, the provisions of the clause 3(xxi) of the Order are not applicable to the Company and hence not commented upon.

ANNEXURE "B" TO THE INDEPENDENT AUDITOR'S REPORT ON THE STANDALONE FINANCIAL STATEMENTS OF MUNOTH FINANCIAL SERVICES LIMITED FOR THE YEAR ENDED 31 MARCH 2025

Report on the Internal Financial Controls with reference to Standalone Financial Statements under Clause (i) of Subsection 3 of Section 143 of the Companies Act, 2013 ("the Act")

(Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of **MUNOTH FINANCIAL SERVICES LIMITED** of even date)

We have audited the internal financial controls with reference to Standalone Financial Statements of **Munoth Financial Services Limited** ("the Company") as of March 31, 2025 in conjunction with our audit of the Standalone financial statements of the Company for the year ended on that date.

Management and Board of Directors' Responsibility for Internal Financial Controls

The Company's Management and the Board of Directors are responsible for establishing and maintaining internal financial controls with reference to the Standalone financial statements based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to Standalone Financial Statements of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the ICAI and the Standards on Auditing prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to Standalone Financial Statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to Standalone Financial Statements were established and maintained and if such controls operated effectively in all material respects.

MUNOTH FINANCIAL SERVICES LIMITED

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to Standalone Financial Statements and their operating effectiveness. Our audit of internal financial controls with reference to Standalone Financial Statements included obtaining an understanding of internal financial controls with reference to Standalone Financial Statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to Standalone Financial Statements.

Meaning of Internal Financial Controls with reference to Standalone Financial Statements.

A Company's internal financial controls with reference to Standalone Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control with reference to Standalone Financial Statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to Standalone Financial Statements.

Because of the inherent limitations of internal financial controls with reference to Standalone Financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to Standalone Financial Statements to future periods are subject to the risk that the internal financial control with reference to Financial Statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system with reference to Standalone Financial Statements and such internal financial controls with reference to Standalone Financial Statements were operating effectively as at March 31, 2025, based on the criteria for internal control with reference to Standalone Financial Statements established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial reporting issued by the ICAI.

MATERIAL ACCOUNTING POLICIES FOR THE YEAR ENDED 31ST MARCH, 2025**1.1 Basis of preparation Statement of compliance**

These financial statements comprising Balance Sheet, Statement of Profit and Loss, Cash flow Statement and Statement of changes in Equity, together with notes as at and for the year ended March 31, 2025 have been prepared in accordance with Indian Accounting Standards (Ind AS) under the historical cost convention on the accrual basis except for certain financial instruments which are measured at fair values, the provisions of the Companies Act, 2013 ("the ACT") and guidelines issued by the Securities and Exchange Board of India (SEBI). The financial statements are prepared in accordance with Ind AS prescribed under Section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016. The company has consistently applied accounting policies, unless stated otherwise, to all periods.

The Balance Sheet, the Statement of Profit and Loss and the Statement of Changes in Equity are prepared and presented in the format prescribed in the Schedule III to the Companies Act, 2013 (the Act). The Statement of Cash Flows has been prepared and presented in accordance with Ind AS 7 "Statement of Cash Flows". The disclosures with respect to items in the Balance Sheet and Statement of Profit and Loss, as prescribed in the Schedule III to the Act, are presented by way of notes forming part of the financial statements along with the other notes required to be disclosed under Ind AS and the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 as

Use of estimates

The preparation of financial statements in conformity with Indian Accounting Standards (Ind AS) notified under Companies (Indian Accounting Standards) Rules, 2015 (as amended) read with Section 133 of the Companies Act, 2013 ("the Act"), and other relevant provisions of the Act requires management to make judgements, estimates and assumptions that affect the application of accounting policies and reported amounts of assets, liabilities, income and expenses and the disclosure of contingent liabilities on the date of the financial statements. Actual results could differ from those estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Any revision to accounting estimates is recognized prospectively in current and future periods.

These financial statements for the year ended 31st March 2025 have been approved and authorized for issue by the board of directors at its meeting on 30th May 2025.

Historical cost convention

The financial statements have been prepared on a historical cost basis, except for the following:

- (a) certain financial assets and liabilities (including derivative instruments) and contingent consideration that is measured at fair value;
- (b) assets held for sale – measured at fair value less cost to sell;
- (c) defined benefit plans – plan assets measured at fair value; and

1.2 Current and Non Current Classification

An entity presents current and non-current assets and current and non-current liabilities as separate classifications in its balance sheet

As the operating cycle cannot be identified easily in normal course, the Company has assumed its operating cycle as 12 months for the purpose of current and non-current classification of assets and liabilities.

An entity shall classify an asset as current when:

- (a) It expects to realise the asset, or intends to sell or consume it, in its normal operating cycle;
- (b) It holds the asset primarily for the purpose of trading;
- (c) It expects to realise the asset within twelve months after the reporting period; or
- (d) The asset is cash or a cash equivalent (as defined in Ind AS 7 Statement of Cash Flows) unless the asset is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets shall be classified as non-current.

An entity shall classify a liability as current when:

- (a) It expects to settle the liability in its normal operating cycle;
- (b) It holds the liability primarily for the purpose of trading;
- (c) The liability is due to be settled within twelve months after the reporting period; or
- (d) It does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting period. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

1.3 Functional and presentation currency

These financial statements are presented in Indian Rupees (INR), which is the Company's functional currency. All financial information presented in INR has been rounded to the nearest thousands (upto two decimals).

1.4 Critical accounting estimates and management judgements

In application of the accounting policies, which are described in note 1, the management of the Company is required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and assumptions are based on historical experience and other factors that are considered to be relevant.

(A) Current Tax

Calculations of income taxes for the current period are done based on applicable tax laws and management's judgement by evaluating positions taken in tax returns and interpretations of relevant provisions of law.

(B) Deferred Tax Assets (including MAT Credit Entitlement)

Significant management judgement is exercised by reviewing the deferred tax assets at each reporting date to determine the amount of deferred tax assets that can be retained/recognized, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

(C) Fair Value

Management uses valuation techniques in measuring the fair value of financial instruments where active market quotes are not available. In applying the valuation techniques, management makes maximum use of market inputs and uses estimates and assumptions that are, as far as possible, consistent with observable data that market participants would use in pricing the instrument. Where applicable data is not observable, management uses its best estimate about the assumptions that market participants would make. These estimates may vary from the actual prices that would be achieved in an arm's length transaction at the reporting date.

(D) Impairment of Trade Receivables

The impairment for trade receivables are determined based on assumptions about risk of default and expected loss rates. The assumptions, selection of inputs for calculation of impairment are based on management judgement considering the past history, market conditions and forward looking estimates at the end of each reporting date.

(E) Impairment of Non-financial assets (PPE/Intangible Assets)

The impairment of non-financial assets is determined based on estimation of recoverable amount of such assets. The assumptions used in computing the recoverable amount are based on management judgement considering the timing of future cash flows, discount rates and the risks specific to the asset.

(F) Defined benefit plans and Other long term benefits

The cost of the defined benefit plan and other long term employee benefits, and the present value of such obligation are determined by the independent actuarial valuer. An actuarial valuation involves making various assumptions that may differ from actual developments in future. Management believes that the assumptions used by the actuary in determination of the discount rate, future salary increases, mortality rates and attrition rates are reasonable. Due to the complexities involved in the valuation and its long term nature, this obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

1.5 Fair Value Measurement

The Company has applied the fair value measurement whenever neccessiated at each Balance Sheet date.

Fair Value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value

measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- (i) In the principal market for the asset or liability.
- (ii) In the absence of a principal market, in the most advantageous market for the asset or liability.

The Principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non- financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and the best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, Maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All Assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole :

- Level 1: Quoted (Unadjusted) Market prices in active market for identical assets or liabilities.
- Level 2: Valuation Techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable; and
- Level 3: Valuation Techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognized in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the fair value hierarchy by reassessing the classification (based on the lowest level input that is significant to the entire fair value measurement) at the end of each reporting period. Transfers into and out of fair value hierarchy levels are recognized at the end of the reporting period during which the change has occurred.

The Company has designed the respective team leads to determine the policies and procedures for both recurring and Non- recurring fair value measurement. External valuers are involved, wherever necessary with the approval of Company's board of directors. Selection criteria include market knowledge, reputation, Independence and whether professional standards are maintained.

For the purpose of fair value disclosure, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risk of the asset and the level of the fair value hierarchy as explained above. The component wise fair value measurement is disclosed in the relevant notes.

1.6 Property, Plant and Equipment and Intangible Assets

On transition to IND AS, the Company has elected to continue with the carrying value of all of its Property, Plant and Equipment recognized as at April 1, 2016, measured as per the previous GAAP, and use that carrying value as the deemed cost of such property plant and equipment.

MUNOTH FINANCIAL SERVICES LIMITED

PPE are stated at cost of acquisition (including incidental expenses), less accumulated depreciation and accumulated impairment loss, if any

The Company has provided the depreciation based on the estimated useful life of respective years and as the change in estimated useful life is considered as change in estimate, accordingly there is no impact of this roll back.

When significant parts of plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognized in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognized in profit or loss as incurred.

Depreciation is calculated on a Written Down Value basis over the estimated useful lives of the assets as follows; as prescribed under the Schedule II of the Companies Act, 2013

Asset Class	Useful Life (No. of years)
Building	60
Plant & Machinery	15
Motor Vehicles (Scooty)	10
Motor Vehicles (Car)	8
Office Equipments	5
Computer	3
Furniture & Fixtures	10

An item of property, plant and equipment and any significant part initially recognized is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the income statement when the asset is derecognized.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial period/year end, and adjusted prospectively, if appropriate, as they are change in estimates.

After impairment if any, depreciation is provided on the revised carrying amount of the assets over its remaining useful life. No Depreciation is charged on the discarded assets.

1.7 Intangible Assets

1. Intangible assets acquired separately are measured on initial on recognition at cost. Following initial recognition, intangible assets are carried at cost less any accumulated amortization and accumulated impairment losses.
2. Intangible assets with finite lives are amortized over the useful economic life and assessed for impairment whenever there is an indication that the intangible assets may be impaired. The amortization period and the amortization method for an intangible assets with a finite useful lives are reviewed at the end of each reporting period. Changes in the expected useful

life/ pattern of consumption of future economic benefit embodied in the assets are considered to modify the amortization period/method and treated as changes in accounting estimate. The amortization expenses are recognized in the statement of profit or loss unless such expenditure forms part of carrying value of another asset.

3. Software are amortized over a period of 3 to 5 years.

1.8 Impairment of non-financial assets

The Company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating units (CGU) fair value less costs of disposal and its value in use.

The recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or Company of assets. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre- tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining net selling price, recent market transactions are taken into account, if available. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators.

The Company bases its impairment calculation on detailed budgets and forecast calculations, which are prepared separately for each of the Company's CGUs to which the individual assets are allocated. These budgets and forecast calculations generally cover a period of five years. For longer periods, a long-term growth rate is calculated and applied to project future cash flows after the fifth year. To estimate cash flow projections beyond periods covered by the most recent budgets/forecasts, the Company extrapolates cash flow projections in the budget using a steady or declining growth rate for subsequent years, unless an increasing rate can be justified. In any case, this growth rate does not exceed the long-term average growth rate for the products, industries, or country in which the entity operates, or for the market in which the asset is used.

An assessment is made at each reporting date to determine whether there is an indication that previously recognized impairment losses no longer exist or have decreased. If such indication exists, the Company estimates the asset's or CGU's recoverable amount. A previously recognized impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognized. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognized for the asset in prior years. Such reversal is recognized in the statement of profit or loss unless the asset is carried at a revalued amount, in which case, the reversal is treated as a revaluation increase.

1.9 Borrowing costs

Borrowing cost includes interest expense as per Effective Interest Rate (EIR).

Borrowing costs directly attributable to the acquisition or construction of an asset that necessarily takes a substantial period of time to get ready for its intended use are capitalized as part of the cost of the asset until the asset is substantially ready for its intended use or sale. Where funds are borrowed specifically to finance a project, the amount capitalized represents the actual borrowing costs incurred. Where surplus funds are available out of money borrowed specifically to finance project, the income generated from such current investments is deducted from the total capitalized borrowing cost. Where the funds use to finance a project form part of general borrowings, the amount capitalized is calculated using a weighted average of rates applicable to relevant general borrowings of the company during the period/year. Capitalization of borrowing costs is suspended and charged to profit and loss during the extended periods when the active development on the qualifying assets is interrupted.

EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial liability or a shorter period, where appropriate, to the amortized cost of a financial liability after considering all the contractual terms of the financial instrument.

1.10 Revenue Recognition

The Company is in the business of providing Stock Broking, DP Operations, Portfolio Advisory Services, Merchant Banking .

In accordance with the Ind As 115 contract with customers revenue is recognized in the following manner.

(a) Brokerage Fee income

Brokerage fee income is recognised on the trade date of transaction upon confirmation of the transaction by the stock exchange. The services are point in time in nature.

(b) Income from depository services and portfolio management services

Income from depository services, penal charges and portfolio management services are recognised on the basis of agreements entered into with clients and when the right to receive the income is established. It is recognised at the point in time for transaction charges and others are recognised over the period of service as applicable.

(c) Income from distribution of financial products

Commission income from financial products distribution is recognised on the basis of agreements entered into with principals and when the right to receive the income is established. The date of the agreement is considered as point in time when the performance obligation is satisfied. In case of continuing services, the same is recognised over a period of time.

(D) Interest income

Interest income is recognised using the effective interest rate method. Interest income from margin funding business is recognised on loans given to clients on time proportion basis

(E) Dividend income

Dividend income is recognised in the statement of profit or loss on the date that the Company's right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the entity and the amount of dividend can be reliably measured.

1.11 Income Taxes

Taxes comprise current income tax and deferred tax.

Current income tax

The tax currently payable is based on taxable profit for the period/year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date in India, where the Company operates and generates taxable income.

Current income tax relating to items recognized outside profit or loss is recognized outside profit or loss (either in other comprehensive income or in equity). Current tax items are recognized in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax

Deferred tax is recognized on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are generally recognized for all taxable temporary differences, except:

- (i) When the deferred tax liability arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss

Deferred tax assets (including MAT credit) are recognized for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilized, except:

- (i)) When the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.
- (ii) In respect of deductible temporary differences associated with investments in subsidiaries, associates and interests in joint ventures, deferred tax assets are recognized only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilized.

The carrying amount of deferred tax assets (including MAT credit available) is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized. Unrecognized deferred tax assets are re-assessed at each reporting date and are recognized to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognized outside profit or loss is recognized outside profit or loss (either in other comprehensive income or in equity). Deferred tax items are recognized in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

1.12 Provisions , Contingent Liabilities and Contingent assets

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

Contingent liabilities

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

Contingent assets

Contingent assets are disclosed in the notes to the financial statements when the inflow of economic benefits is probable, but not virtually certain.

1.13 Employee benefits

(i) Short-term obligations

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. No actuarial valuation is required. The liabilities are presented as current employee benefit obligations in the balance sheet.

(ii) Post-employment obligations

The group operates the following post-employment schemes:

- (a) Defined benefit plans such as gratuity, pension, post-employment medical plans; and
- (b) Defined contribution plans such as provident fund.

**Defined benefit plans**

The liability or asset recognised in the balance sheet in respect of defined benefit pension and gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the defined benefit obligation denominated in INR is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation. The benefits which are denominated in currency other than INR, the cash flows are discounted using market yields determined by reference to high-quality corporate bonds that are denominated in the currency in which the benefits will be paid, and that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in profit or loss as past service cost.

Defined contribution plans

The group pays provident fund contributions to publicly administered provident funds as per local regulations. The group has no further payment obligations once the contributions have been paid. The contributions are accounted for as defined contribution plans and the contributions are recognised as employee benefit expense when they are due. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in the future payments is available.

1.14 Financial Instruments

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

(A) Financial Assets**(i) Classification**

The company classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss), and
- those measured at amortised cost.

For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. For investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments, this will depend on whether the company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income.

Investment in Equity of Associates

The Company records the investments in Associates at cost less impairment loss, if any, as per Ind AS 27 - Separate Financial Statements. The Company on the date of transition to Ind AS has adopted the previous GAAP carrying amount at that date as the Deemed Cost in accordance with the exemptions provided under Ind AS 101 First-time Adoption of Indian Accounting Standards

Financial Assets - Other than investment in associates

Financial assets other than investment in associate comprise of investments in equity (including investments in equity oriented mutual funds) and, trade receivables, cash and cash equivalents and other financial assets

Initial recognition and Measurement

At initial recognition, the company measures a financial asset at its fair value and in the case of a financial asset not recorded at fair value through profit or loss, fair value plus transaction costs that are directly attributable to the acquisition of the financial asset.

Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss

Classification and subsequent measurement

The company classifies its financial assets in the following measurement categories:

- Financial assets measured at amortised cost and
Financial assets measured subsequently at fair value (either through other comprehensive income, or through
- profit or loss), and

The classification depends on the entity's business model for managing the financial assets and the contractual cash flow characteristics of the Financial Assets

- **Financial assets measured at amortized cost**

Financial assets held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding are measured at amortized cost using effective interest rate (EIR) method. The EIR amortization is recognized as finance income in the statement of profit and loss.

The Company while applying above criteria has classified the following at amortized cost

- (a) Trade receivable
- (b) Other financial assets

Financial assets measured at Fair value through other comprehensive income (FVTOCI)

Financial assets that are held within a business model whose objective is achieved by both collecting contractual cash flow and selling financial asset and the contractual terms of financial assets give rise on specified dates to cash flow that are solely payments of principal and interest on the principal amount outstanding are subsequently measured at FVTOCI. Fair value movements in financial assets at FVTOCI are recognized in other comprehensive income.

Financial asset at Fair value through Profit or Loss (FVTPL)

Financial assets are measured at fair value through Profit and loss if it does not meet the criteria for classification as measured at amortized cost or at fair value through other comprehensive income. All fair value changes are recognized in the Statement of Profit and loss.

(vi) Investments in Equities and Equity mutual funds

Fair Value through Other Comprehensive Income (FVOCI)

All equity investments in scope of Ind AS 109 are measured at fair value. Equity instruments which are held for trading and contingent consideration recognised by an acquirer in a business combination to which Ind AS103 applies are classified as at FVTPL.

For all other equity instruments, the Company may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The Company makes such election on an instrument -by-instrument basis. The classification is made on initial recognition and is irrevocable.

Where the management has elected to present fair value changes (gains and losses) on equity investments in other

comprehensive income, they are measured at fair value with gains and losses arising from changes in fair value recognized in other comprehensive income and accumulated in the 'Fair value changes for equity instruments through other comprehensive income'.

There is no subsequent reclassification / recycling of fair value gains and losses to Statement of Profit or Loss even on derecognition / sale of the Investments. However, the Company may transfer the cumulative gain or loss within equity

Dividends from such investments are recognised in profit or loss as other income when the company's right to receive payments is established.

Impairment losses (and reversal of impairment losses) on equity investments measured at FVTOCI are not reported separately from other changes in fair value.

Fair value through profit or loss (FVTPL)

Equity instruments held for trading are classified as FTVPL and are measured at fair value with all changes recognised in the Statement of Profit or Loss.

(vii) De-recognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party.

On derecognition of a financial asset in its entirety (except for equity instruments designated as (FVTOCI), the difference between the asset's carrying amount and the sum of the consideration received and receivable is recognised in the Statement of Profit and Loss

(viii) Impairment of financial assets

Trade receivables under IND AS 109, investments in debt instruments that are carried at amortized cost,

--> Trade Receivables

The Company applies the expected credit loss model for recognizing impairment loss on financial assets measured at amortised cost, trade receivables and other contractual rights to receive cash or another financial asset.

For trade receivables or any contractual right to receive cash or another financial asset that results from transactions that are within the scope of Ind AS 115, the Company follows 'simplified approach' and measures the loss allowance at an amount equal to lifetime expected credit losses. This impairment allowance is computed based on historical credit loss experience and management assessment.

--> Other financial assets

Other financial assets are tested for impairment and expected credit losses are measured at an amount equal to 12 month expected credit loss. If the credit risk on the financial asset has increased significantly since initial recognition, then the expected credit losses are measured at an amount equal to life-time expected credit loss.

B. Financial liabilities and equity instruments

(i) Classification as debt or equity

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

(ii) Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received, net of direct issue costs.

(iii) Financial Liabilities - Initial recognition and measurement

All financial liabilities are recognized initially at fair value plus any transaction cost that are attributable to the acquisition of financial liability except financial liabilities at fair value through profit and loss which are initially measured at fair value.

(iv) Subsequent measurement

The financial liabilities are classified for subsequent measurement into following categories

- at amortized cost
- at fair value through profit and loss

Amortised Cost - Loans and Borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the Effective Interest Rate (EIR) method. Gains and losses are recognized in the Statement of Profit and Loss when the liabilities are derecognised. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the Statement of Profit and Loss.

This category generally applies to interest-bearing loans and borrowings.

**Financial liabilities at fair value through profit or loss**

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. Financial liabilities designated upon initial recognition at fair value through profit or loss are designated as such at the initial date of recognition, and only if the criteria in Ind AS 109 are satisfied. The Company has not designated any financial liability as at fair value through profit and loss

(v) De-recognition of financial liabilities

A financial liability is derecognized when and only when, it is extinguished i.e. when the obligation specified in the contract is discharged or cancelled or have expired

An exchange between with a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability.

Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability.

The difference between the carrying amount of the financial liability derecognized and the consideration paid / payable is recognized in statement of profit and loss.

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Company has a legally enforceable right to offset the amounts and intends either to settle on a net basis or to realize the asset and settle the liability simultaneously.

1.15 Equity and Reserves

Share Capital represents the nominal (par) value of shares that have been issued and fully paid-up. Retained earnings include all current and previous period retained profits. Other equity includes capital reserve, securities premium, FVTOCI reserve, and other statutory reserves as applicable. These are classified and presented as per Schedule III of the Companies Act, 2013 and relevant Ind AS.

1.16 Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

1.17 Cash flow statement

Cash Flow Statement is prepared segregating the cash flows from operating, investing and financing activities. Cash flow from operating activities is reported using indirect method. Using indirect method, the net profit is adjusted for the effects of

- (i) Transactions of non-cash nature.
- (ii) Any deferrals or accruals of past or future operating cash receipts or payments and
- (iii) Items of income or expense associated with investing or financing cash flows.

Cash and cash equivalents (including bank balances) are reflected as such in cash flow statement.

1.18 Earnings per Share

Basic earnings per share are calculated by dividing the net profit for the year by the weighted average number of equity shares outstanding during the year. As at the reporting date, the Company has not issued any potential equity shares, and accordingly, the basic earnings per share and diluted earnings per share are the same.

**Note No : 41****FINANCIAL INSTRUMENTS****41.1 Financial Risk Management**

The Company's business activities expose it to a variety of financial risks, namely market risk, credit risk and liquidity risk. The Company's senior management has the overall responsibility for the establishment and oversight of the Company's risk management framework. The key risks and mitigating actions are also placed before the Audit Committee of the Company. The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities.

A. Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices.

Market risk comprises three types of risk: interest rate risk, foreign currency risk and commodity risk.

The Company do not have any exposure to foreign exchange rate and equity price risk.

(a) Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's short term debt obligations with floating interest rates.

The Company uses a mix of cash and borrowings to manage the liquidity & fund requirements of its day to-day operations

(b) Foreign Currency Risk

Foreign currency risk is the risk that the fair value of future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the Company's operating activities which is Nil. Since the company do not have any transaction in Foreign currency.

Hedging and foreign currency sensitivity analysis

There are no foreign currency exposures and hence hedging requirements and sensitivity analysis does not arise for the year 2024-2025 (Nil for 2023-24)

(c) Commodity Price Risk

The Company is affected by the price volatility of certain commodities. Its operating activities require the on-going purchase or continuous supply of items dealt with by the Company. Therefore, the Company has policy of monitoring its purchases closely to optimise the price when the company purchases the commodity.

B. Credit Risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to financial loss.

Credit risk encompasses of both, the direct risk of default and the risk of deterioration of credit worthiness as well as concentration of risks.

The Investments mainly consists of Equity Investments in quoted Equity Shares listed in Bombay Stock Exchange / National Stock Exchange. The Company has investments for a long term and continuously monitoring the same. The outlook of Indian capital markets are positive and the company do not foresee any risk which can not be mitigated

Financial instruments that are subject to concentrations of credit risk principally consist of investments classified as trade receivables, loans and advances and cash and cash equivalents amounting to Rs.10434.73 thousands (Previous year Rs.22181.33 thousands). None of the other

financial instruments of the Company result in material concentration of credit risk.

Cash and cash equivalents with banks has high credit-rating assigned to them.

Trade Receivables

Customer credit risk is managed as per the Company's established policy, procedures and control relating to customer credit risk management. Credit quality of a customer is assessed based on a detailed assessment and individual credit limits are defined in accordance with this assessment. Outstanding customer receivables are regularly monitored.

An impairment analysis is performed at each reporting date on an individual basis for major clients. In addition, a large number of minor receivables are grouped into homogenous groups and assessed for impairment collectively.

The Company does not hold collateral as security. The Company evaluates the concentration of risk with respect to trade receivables as low, as its customers are located in several jurisdictions and operate in largely independent markets.

The Company follows simplified approach for recognition of impairment loss allowance on trade receivables which do not contain a significant financing component.

Financial assets that were written off during the reporting period and earlier periods are still subject to enforcement activity by the Management

Expected Credit Loss**Credit Risk**

Credit risk arises from cash and cash equivalents, investments carried at amortised cost and deposits with banks and financial institutions, as well as credit exposures to wholesale customers including outstanding receivables.

Credit Risk Management

Credit risk is managed on a group basis. For banks and financial institutions, only high rated banks/institutions are accepted. For other financial assets, the company assesses and manages credit risk based on internal credit rating system. The finance function consists of a separate team who assess and maintain an internal credit rating system. Internal credit rating is performed on a group basis for each class of financial instruments with different characteristics. The company assigns the following credit ratings to each class of financial assets based on the assumptions, inputs and factors specific to the class of financial assets.

Rating	Nature
Group 1	High-quality assets, negligible credit risk
Group 2	Quality assets, low credit risk
Group 3	Standard assets, moderate credit risk
Group 4	Substandard assets, relatively high credit risk
Group 5	Low quality assets, very high credit risk
Group 6	Doubtful assets, credit-impaired

The Company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period. To assess whether there is a significant increase in credit risk the group compares the risk of a default occurring on the asset as at the reporting date with the risk of default as at the date of initial recognition. It considers available reasonable and supportive forwarding-looking information. Especially the following indicators are incorporated:

- (i) Internal credit rating
- (ii) external credit rating (as far as available)
- (iii) actual or expected significant adverse changes in business, financial or economic conditions that are expected to cause a significant change to the borrower's ability to meet its obligations.

MUNOTH FINANCIAL SERVICES LIMITED

- (iv) actual or expected significant changes in the operating results of the borrower.
- (v) significant increase in credit risk on other financial instruments of the same borrower.
- (vi) significant changes in the value of the collateral supporting the obligation or in the quality of third-party guarantees or credit enhancements.
- (vii) Significant changes in the expected performance and behaviour of the borrower, including changes in the payment status of borrowers in the group and changes in the operating results of the borrower.

Macroeconomic information (such as regulatory changes, market interest rate or growth rates) is incorporated as part of the internal rating model.

In general, it is presumed that credit risk has significantly increased since initial recognition if the payments are more than 30 days past due.

A default on a financial asset is when the counterparty fails to make contractual payments within 60 days of when they fall due. This definition of default is determined by considering the business environment in which entity operates and other macro-economic factors.

Provision for expected credit losses

The group provides for expected credit loss based on the following:

Investments	Description	Basis for recognition of expected credit loss provision	
		Investments	Trade Receivables
Group 1	Assets where the counter-party has strong capacity to meet the obligations and where the risk of default is negligible or nil	12-months expected credit losses	Life time expected credit losses (simplified approach)
Group 2	Assets where there is low risk of default and where the counter-party has sufficient capacity to meet the obligations and where there has been low frequency of defaults in the past.		
Group 3	Assets where the probability of default is considered moderate, counter-party where the capacity to meet the obligations is not strong.		
Group 4	Assets where there has been a significant increase in credit risk since initial recognition. Assets where the payments are more than 30 days past due.	Life-time expected credit losses	
Group 5	Assets where there is a high probability of default. In general, assets where contractual payments are more than 60 days past due are categorised as low quality assets. Also includes assets where the credit risk of counter-party has increased significantly though payments may not be more than 60 days past due.		
Group 6	Assets are written off when there is no reasonable expectation of recovery, such as a debtor declaring bankruptcy or failing to engage in a repayment plan with the group. The group categorises a loan or receivable for write off when a debtor fails to make contractual payments greater than 120 days past due. Where loans or receivables have been written off, the group continues to engage in enforcement activity to attempt to recover the	Asset is written off

C. Liquidity Risk

The Company monitors its risk of shortage of funds using cash flow forecasting models. These models consider the maturity of its financial investments, committed funding and projected cash flows from operations. The Company's objective is to provide financial resources to meet its business objectives in a timely, cost effective and reliable manner and to manage its capital structure.

A balance between continuity of funding and flexibility is maintained through continued support from lenders and trade creditors.

During the year, the Company has made repayment of principal and interest on borrowings on or before due dates. The Company did not have any defaults of principal and interest as on the reporting date.

The table below summarises the maturity profile of the Company's financial liability based on contractual undiscounted payment and financial assets based on contractual undiscounted receipts.

(ii) Fair value hierarchy

The fair value hierarchy is based on inputs to valuation techniques that are used to measure fair value that are either observable or unobservable and consists of the following three levels:

Level 1 Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 Inputs are other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3 Inputs are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.
